

TELANGANA LEGISLATIVE ASSEMBLY

Government Resolution

[26th March 2015]

25% Mill levy policy for paddy

The Telangana Legislative Assembly has, keeping in view that Telangana is a paddy producing State; that the surplus paddy is being utilized for the needs of other States and as the decision of the Government of India to remove 25% levy would cause hardship to the farmers in the State in disposing of paddy, resolved unanimously to request the Government of India to continue the existing mill levy percentage of 25 in future also for safeguarding the interests of the farmers of Telangana.
